

Baltimore County Farm Map

The Maryland Agricultural Resource Council (MARC) with the support of Baltimore County Farm Bureau, invite you and your family to experience Baltimore County food and farms.

Meet the hard-working farmers who live near you, hear their stories, and enjoy their locally-grown products. Let your kids discover the farm animals, see the farm machinery, and learn about where their food comes from.

Follow the colored squares next to the farm name and decide to pick your own pumpkins or berries, to go to a farm stand for fresh eggs or seasonal vegetables, or to enjoy family farm activities like a hay ride, a corn maize or a Maryland wine tasting. Remember, when you purchase locally-grown products, you invest in your local community, and help to preserve the beautiful open farmland for now and for generations to come.
